

# SABREENA ZAHID

*Web Developer*

## ABOUT ME

I am an enthusiastic and dedicated AI student with a strong passion for machine learning & deep learning, I have a keen interest in exploring innovative AI solutions, developing intelligent systems, and applying artificial intelligence to real-world problems, with a solid foundation in programming. I am eager to contribute my knowledge and skills to AI-driven projects and research. Constantly learning and adapting to new technologies, I strive to stay at the forefront of advancements in artificial intelligence.
